

Minnesota Community Education Association

2009
Membership Application
www.mn-mcea.org

MCEA Membership

MCEA memberships are offered to school districts based on their size. A single fee will entitle the district to a certain number of full individual memberships. It is our belief that allocating a fair number of individual memberships through a district wide plan will bring more individuals into MCEA. This should make it easier to identify members of specialized fields within Community Education and it will also encourage greater participation among smaller districts.

Membership Benefits and Services:

MCEA
